Overdose Awareness Day Event! Speakers, activities, food, and many more.

Overdose Data to Action (OD2A) Program:

The ODA program combats the opioid epidemic within Butler County by establishing/enhancing local and regional partnerships, raising community awareness, preventing drug abuse, reduce overdose rates, partaking in treatment/recovery follow-up visits, and offering Narcan (Naloxone) courses to the community and first responders.

To schedule classes for your childcare center, or to schedule a Narcan trainings, please email gowen.kori@lpha.mo.gov, or call the Butler County Health Department at **573-785-8478** and ask for **Kori Gowen**.

Community Gardening

The community Garden at the Butler County Health Department is planted and ready for spring/summer 2021. If you would like more information or want to participate in this garden or the other community gardens in Butler County, please contact the Health Department, Community Resource Council or the Park and Recreation Department.

Family Planning

At Butler County Health Department, we're committed to providing our clients with high quality, confidential reproductive healthcare at an affordable cost. Services are available to women, men and teens regardless of insurance status, income or age restrictions. Teens– we encourage parental involvement in your healthcare, but it is not a requirement to be seen at our family planning clinic.

Our Services:

- Well-women exams
- Birth control counseling and education
- Preconception care
- Pregnancy testing/counseling
- HIV screening
- STD/STI testing & treatment
- Birth Control methods:

IUDs & implants, Depo-Provera (the shot), Birth control Pills, Spermicide, Female and Male condoms, Abstinence Education, Fertility Awareness based methods (natural family planning)

Important Announcements

Please remember to wear a mask when entering the Health Department if you are NOT fully vaccinated. If you do not have one, you may take one that is offered inside the lobby door.
